Altek® R736-APD Series

RTM & Infusion Isophthalic Formulation

AOC's Altek R736-APD is a promoted, non-thixed isophthalic formulation that can be used in liquid molding.

Benefits

- Excellent mechanical properties and heat distortion properties
- Low shrinkage and rapid wet out
- Chemical resistant, designed for long service life of composite
- Improved strength and toughness of the composite part
- No post cure required

Major applications

AOC's Altek R736-APD formulation is characterized by its rapid wet-out, low shrinkage and excellent mechanical properties. R736-APD is designed for fabricators who require higher elongation while maintaining an excellent heat distortion temperature.
